

**FIRST  
CIRCULAR**

**18<sup>th</sup> Meeting of the Central European Tectonic Studies Groups (CETeG)  
25<sup>th</sup> Meeting of the Czech Tectonic Studies Group (ČTS)**

**April 22–25, 2020  
Terchová – Vrátna, Slovakia**

### Scope of the conference

A special attention of the CETeG & ČTS 2020 meeting will be devoted to the geodynamic evolution of the Alpine–Carpathian–Dinaridic and Paleozoic orogenic belts of Europe, theoretical aspects of structural geology, petrology and geochronology, as well as neotectonics and sedimentary basin evolution. Several invited speakers provide hints to the main topics of the meeting, but any other contributions related to the common CETeG & ČTS topics are welcome.

### Keynote lectures:

- **Shah Wali Faryad:** Spatial and temporal relations of high-pressure metamorphic events in geodynamics of the Western Carpathians
- **Milan Kohút, Igor Broska, Igor Petřík and Pavel Uher:** Variscan granitoid magmatism of the Western Carpathians
- **Jarosław Majka and Marian Janák:** Subduction-collision and exhumation processes in the Arctic Caledonides – petrological proxies from HP rock complexes
- **Albrecht von Quadt:** How long does it take to make a giant porphyry copper deposit? Advances in high-precision geochronology, zircon geochemistry and physical process modelling of magmatic system
- **Stefan M. Schmid and Douwe van Hinsbergen:** Alpine collision zone between Alps and Western Turkey: Geometry and kinematic reconstruction
- **Michal Šujan, Michal Kováč, Régis Braucher and Samuel Rybár:** Latest Cenozoic tectonic events recorded in depositional systems of the northern Pannonian Basin realm
- **František Teťák and Daniel Pivko:** Deposition and paleogeography of the deep-sea flysch Magura Basin (Western Carpathians)

### Preliminary programme:

**April 22, 2020** – Pre-conference excursion “**Variscan basement granitoids and Cretaceous nappe structure of the Malá Fatra Mts**”  
Wellcome party

**April 23, 2020** – Oral and poster presentations

**April 24, 2020** – Oral and poster presentations  
Conference dinner

**April 25, 2020** – Post-conference excursion “**Composition and structure of the Pieniny Klippen Belt in the Terchová–Zázrivá area**”

Conference language – English

Best student oral and poster presentations will be awarded during the conference dinner.

**Conference venue & accommodation:** [Hotel Boboty 3\\*, Terchová – Vrátna](#)

**Conference fee:** 325 € (professionals); 225 € (students); all meals and accommodation included

**Pre-conference excursion fee:** 30 €; **Post-conference excursion fee:** 35 €

### Important deadlines:

**January 24, 2020** – Registration

**February 17, 2020** – Abstracts submission

**February 24, 2020** – Conference and excursions fees payment

For more information and registration visit the [conference website](#)

**Organized by:** Geological Club, Bratislava in cooperation with: Faculty of Natural Sciences - Comenius University in Bratislava, Earth Science Institute - Slovak Academy of Sciences, Faculty of Science - Charles University, Faculty of Natural Sciences - Matej Bel University, DPP Žilina Ltd.

**Financial support:** DPP Žilina Ltd.
